Formal education

Internacionalna poslovno-informaciona akademija-2016/2021

During my studies I've learned some programming languages like C++, Java, and some basics of C, HTML, CSS, and JavaScript.

Unformal education

In 2019, I attended to the course of Java, which was organized by BILD-IT.

I attended the online Java course "Java Programming Masterclass for Software developers" at Udemy platform.

Also, I finished online HTML, CSS, and JavaScript courses at Codecademy.

Recently, I finished "Learning SQL Programming", as a part of LinkedIn learning.

Currently, I'm attending the course, at Udemy platform, of Spring and Hibernate "Spring and Hibernate for beginners (including Spring Boot)".

Skills Summary

- C++
- Java
- Spring framework
- Spring Boot
- HTML5
- CSS3
- JavaScript
